

# VARIABLE VALVE TIMING (VVT) CHAIN KITS

---

Complete repair solution for  
higher mileage engines

For General Motors (GM) 2.8-liter, 3.0-liter, and 3.6-liter V6 engines, often referred to as the GM High Feature V6 engine (HFV6), Cloyes has developed a complete VVT Chain Kit providing coverage for more than 5.4 million vehicles-in-operation (VIO). These kits are designed for the replacement of worn or damaged timing chains, tensioners, sprockets, guides, VVT solenoids, and VVT actuators, also known as cam phasers.
