

## GM HEX-A-JUST® Timing Set With "Z" TRUE Roller Chain 9-3100AZ

**Cloyes GM Small Block Hex-A-Just® Timing Set with "Z" Racing Chain is engineered for builders who demand precision valve timing control, increased strength, and race-ready durability.**

This set delivers infinite camshaft timing adjustability ( $\pm 6^\circ$ ), enabling tuners to refine power delivery and optimize performance across the RPM range. Allows precise, repeatable adjustments for dyno tuning and race-specific setups

HIGH PERFORMANCE TIMING PRODUCTS

### Key Features and Benefits:

- Hex-A-Just® system provides  $\pm 6^\circ$  of infinite camshaft timing adjustment for optimized horsepower, torque curve shaping, and fine-tuned engine responsiveness.
- One-piece billet steel camshaft sprocket with integrated eccentric dowel bushing.
- TRUE® Roller "Z" Chain (0.250") offers approximately 33% increased overall strength versus standard high-performance chains.
- Press-fit center link design improves load distribution across the chain. Heat-treated, processed links provide higher ultimate breaking strength while maintaining ductility for toughness.
- Captured needle thrust bearing minimizes block thrust wear and reduces operating friction.
- Hand-matched 3-piece sets ensure correct center distance and reduced runout for consistent timing accuracy.

- All machined billet parts proudly manufactured in the USA.

Cloyes, based in Fort Smith, Ark., is the North American leader and global designer, developer, manufacturer, and distributor of timing drive systems and components for original equipment manufacturers and the automotive aftermarket. Its products are mission critical components for engine performance and function and are used in high-performance and replacement applications. Cloyes serves a broad customer base, including wholesale distributors, national and local retailers, re-packagers, and production engine rebuilders, and sells its products under the Cloyes® brand worldwide and the Dynagear® and CY-LENT® brands throughout North America.
