

## Tensioner Elimination Set GM Gen V (LT) 9-3678X5

**Cloyes Performance Tensioner Elimination Engine Timing Set eliminates the factory tensioner while maintaining tunable accurate timing for VVT-equipped LT engines.**

The combination of Cloyes TRUE Roller chain, and precision-machined sprockets ensures a center distance corrected timing drive for extreme performance and a complete timing drive solution.

HIGH PERFORMANCE TIMING PRODUCTS

### Key Features and Benefits:

- Billet 5-keyway crank sprocket for  $\pm 4^\circ$  adjustability with 2 custom diamond-impregnated friction washers for front and thrust hubs. Precision oil pump spline drive for durable, reliable oil pressure delivery
- Premium Cloyes TRUE<sup>®</sup> Roller Chain (0.250") for reduced friction and smooth operation.
- Tensioner elimination guide provided to simplify installation and ensure proper lubrication and chain stability.
- Center distance corrected to eliminate chain slack for accurate tunable VVT phaser operation.
- All Cloyes Performance Kits are all hand-matched to ensure correct center distance and minimize runout for smooth timing drive operation.
- All machined billet parts proudly manufactured in the USA.
