

A detailed close-up photograph of an engine's timing belt assembly. The image shows the timing belt, its tensioner, and various gears. A large, circular hydraulic belt tensioner is prominent on the left side, featuring a central hub with five bolts and a gear-like outer edge. The tensioner is mounted on a cast aluminum housing. In the background, the engine block is visible, with a 'GM' logo embossed on it. The overall scene is brightly lit, highlighting the metallic textures and mechanical details of the engine components.
